NOV 18 1966 LETTER

FROM

C. & R. BREA  
THE SECRETARY OF AGRICULTURE,

TRANSMITTING,

IN RESPONSE TO THE HOUSE RESOLUTION OF JUNE 5, 1896, A  
STATEMENT AS TO THE EMPLOYEES IN THE DEPARTMENT.

FEBRUARY 9, 1897.—Referred to the Committee on Reform in the Civil Service  
and ordered to be printed.

---

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE SECRETARY,  
Washington, D. C., February 8, 1897.

SIR: Complying with the resolution of June 5, 1896, passed by the House of Representatives, I have the honor to herewith submit the following information:

1. The number, names, salary of each, and the States to which they are credited, of all bureau officers, chiefs of division, clerks, and employees of every grade who were employed in the United States Department of Agriculture on the 4th day of March, 1893, and who have since been removed or reduced in salary, or who have died or resigned; stating the same in classes, according to grade and salary, and stating also, separately, those who were in the classified and those who were in the unclassified service.

2. The number, names, salary of each, and the States to which they are credited, of all officers and employees of the classes above named, who have been appointed or promoted to positions in the Department of Agriculture since the 4th day of March, 1893, stating separately those in the classified and those in the unclassified service.

3. The number, names, salary of each, and the States to which they are credited, of all the ex-Union soldiers in the Department of Agriculture who have been appointed, promoted, reduced, or removed, stating them separately, or who have resigned or died since the 4th day of March, 1893.

I furthermore submit for the information of Congress similar data covering the period from March 4, 1889, to March 4, 1893.

And for further information, I append a copy of a letter from Mr. J. B. Bennett, appointment clerk of the Department of Agriculture,

dated December 1, 1896, and a copy of his annual report for 1896 to the Secretary of Agriculture, together with a copy of an order of the United States Civil Service Commission dated December 1, 1896.

Very respectfully,

J. STERLING MORTON,  
*Secretary.*

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE APPOINTMENT CLERK,  
*Washington, D. C., December 1, 1896.*

SIR: In accordance with your instructions, I have the honor to report the present status of the classified service in the Department of Agriculture.

By the provisions of the civil service act and the rules of the Civil Service Commission approved by the President, all the officers, clerks, and employees of the Department of Agriculture, except mere laborers and charwomen, are now embraced in the classified service. These include the chief clerk of the Department, the Chief of the Bureau of Animal Industry, all chiefs of divisions, superintendents, chiefs of offices, clerks of every kind, State statistical agents, special agents, the Director of the Office of Experiment Stations, superintendents of quarantine stations, inspectors, assistant inspectors, veterinary inspectors, microscopists, assistant microscopists, taggers, stock examiners, live-stock agents, and the chief clerk of the Bureau of Animal Industry; the professors of meteorology, forecast officials, local forecasters, observers, and the chief clerk of the Weather Bureau; all experts, compositors, pressmen, folders, engineers, assistant engineers, firemen, messengers, assistant messengers, skilled laborers, and watchmen.

No place in the classified service of the Department can now be filled by original appointment save upon certification from the United States Civil Service Commission; neither can any engineer, assistant engineer, fireman, messenger, assistant messenger, skilled laborer, watchman, nor any person in a subordinate grade be promoted to a clerical position before passing a civil-service examination for promotion thereto.

The Secretary of Agriculture, the Assistant Secretary of Agriculture, and the Chief of the Weather Bureau are above the classified service, being appointed by the President, by and with advice and consent of the Senate.

Every employee of the Department above the subordinate grade of laborer or charwoman is now within the classified service. Of such subordinate grade, however, very few are employed in Washington. All above that grade must be appointed upon certification of the United States Civil Service Commission.

Very respectfully,

J. B. BENNETT, *Appointment Clerk.*

The SECRETARY OF AGRICULTURE.

#### REPORT OF THE APPOINTMENT CLERK FOR 1896.

[From the Report of the Secretary of Agriculture.]

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE SECRETARY,  
*Washington, D. C., November 20, 1896.*

Sir: I have the honor to submit a report upon the development of the classified civil service in the Department of Agriculture from March 4, 1893, to November 1, 1896, and upon the number, classification, and salaries of the entire body of employees therein on June 30, 1896.

Respectfully,

J. B. BENNETT,  
*Appointment Clerk.*

Hon. J. STERLING MORTON,  
*Secretary.*

## DEVELOPMENT OF THE CLASSIFIED SERVICE IN THE DEPARTMENT OF AGRICULTURE

The following statement shows the development of the classified service in the United States Department of Agriculture from March 4, 1893, to November 1, 1896:

On March 4, 1893, the total number of persons in the United States Department of Agriculture was..... 2,497

Of whom were—

In the classified service.....	698
Excepted from competitive examination.....	80
Subject to noncompetitive examination.....	12
	<hr/> 92

Leaving subject to competitive examination .....	606
--	-----

On November 1, 1896, the total number of persons in the United States Department of Agriculture was ..... 2,217

Of whom were—

Above classification (appointed by the President).....	3
In the classified service .....	1,658
Excepted from competitive examination .....	1
Subject to noncompetitive examination.....	0
	<hr/> 1

Leaving subject to competitive examination .....	1,657
--	-------

This shows an increase between March 4, 1893, and November 1, 1896, of 1,051 persons whose positions, should they become vacant, can be filled only by appointees who have successfully passed a civil-service examination and been certified by the Civil Service Commission as eligible for appointment thereto, or by the transfer of persons who are already in the unexcepted classified civil service.

The remaining 556 persons on the rolls of the Department on November 1, 1896, and not subject to civil-service examination, were laborers, charwomen, and others in a like subordinate grade, many being river, rainfall, etc., observers in the Weather Bureau, receiving compensations ranging from 10 cents per day to \$25 per month, and their employment is intermittent.

## THE EXECUTIVE CIVIL SERVICE OF THE DEPARTMENT OF AGRICULTURE.

The table following gives the number of civil officers of the United States Department of Agriculture confirmed by the Senate above classification, the number of classified persons by classification, the number of excepted places, the number excluded from classification, and the number of laborers or workmen below classification, and number not yet classified, carried on the rolls of the Department, whether compensated by a fixed salary or otherwise, inside or outside of Washington, D. C., on June 30, 1896:

UNITED STATES DEPARTMENT OF AGRICULTURE,  
OFFICE OF THE SECRETARY,  
Washington, D. C., December 1, 1896.

The following regulations, having been duly promulgated by the honorable the United States Civil Service Commission, and approved by the Secretary of Agriculture, will hereafter govern promotions, demotions, and continuance in office of employees in this Department, and they are accordingly published for the information of all concerned.

J. STERLING MORTON, *Secretary.*

REGULATIONS GOVERNING PROMOTIONS, ETC., IN THE DEPARTMENT OF AGRICULTURE.

OFFICE OF UNITED STATES CIVIL SERVICE COMMISSION,  
Washington, D. C., December 1, 1896.

In pursuance of the requirements of section 7 of "An act to regulate and improve the civil service of the United States," approved January 16, 1883, and in conformity with Rule XI of the revision of the Civil Service Rules promulgated by the President on the 6th day of May, 1896, the following regulations governing promotions in the departmental service of the Department of Agriculture have been formulated by the Civil Service Commission after consultation with the Secretary of Agriculture, and are hereby promulgated:

REGULATION I.

SECTION 1. All vacancies above those in the lowest class of any grade not filled by reinstatement, transfer, or reduction shall be filled by promotion: *Provided*, That if there is no person eligible for promotion, or if the vacant position requires the exercise of technical or professional knowledge, it may be filled through certification by the Civil Service Commission.

SEC. 2. Except as provided in section 1 of this regulation, a vacancy in any class shall be filled by the promotion of an eligible in the next lower class of the same bureau, division, or office. When such vacancy exists, the board of promotion review shall certify to the Secretary of Agriculture the names of the three eligibles in the bureau, division, or office having the highest records of efficiency, and from these names the Secretary of Agriculture shall make his selection: *Provided*, That if there shall be in the bureau less than three eligibles in the class next below that in which the vacancy exists, the board of promotion review shall certify as many in addition of the highest eligibles in the corresponding class of the other bureaus as may be necessary to make a full certification.

REGULATION II.

SECTION 1. No person shall be promoted to any grade from which he is barred by the age limitations prescribed by the civil-service rules.

SEC. 2. No person whose record of efficiency is below 85 per cent of the possible maximum rating of his class or grade shall be eligible for promotion.

SEC. 3. No person occupying a position below the grade of clerk-copyist shall be promoted to that grade until he shall have been employed two years in the departmental service, and shall have passed, with an average percentage of 70 or over, the examination prescribed by the Commission.

REGULATION III.

SECTION 1. The chief clerk of each bureau, under the direction of the head thereof, shall keep a record of the efficiency of all employees under his supervision, and a similar record of employees not assigned to any bureau shall be kept by the chief clerk of the Department.

SEC. 2. The record of efficiency shall be kept on such forms as may be prescribed by the Commission after consultation with the Secretary of Agriculture, and shall embrace the elements which are essential to a fair and accurate determination of the relative merits of employees.

SEC. 3. A record of those eligible for promotion shall be kept by the board of promotion review. The board shall have access to efficiency records, and may at any time call for a transcript of the same.

SEC. 4. The efficiency reports made by the chiefs of the several bureaus, divisions, and offices of the Department of Agriculture, respecting the value of the personal services in the Department of each person serving under them, and filed with the appointment clerk for the chief clerk of the Department, shall be the basis of all promotions, demotions, and continuations on the rolls of the Department.

SEC. 5. The following shall be the form of efficiency report to be used in the Department of Agriculture:
